## ABOUT LONG-TERM TREATMENT

Cenikor's Adult Long-Term Inpatient program is designed for people who are physically ready, mentally capable and willing to participate in all aspects of the recovery program, including education and workforce development. Our therapeutic community model uses peer influence and clinical counseling to help clients change the attitudes, behaviors and perceptions associated with substance use disorders. Contact us today to discuss your long-term recovery.

### Long-term treatment includes:

- Multi-family educational groups
- Introduction to 12-step groups, community and social supports
- Education and diploma/certification support
- Job readiness and soft skills training
- Professional development
- Skilled labor pre-employment training
